Product Line Card

We carry an array of mechanical and graphic materials. We offer sheet, rod, and tube on most material types. Contact us to learn more about the material types listed below.

Mechanicals

- ABS
- Acetal
- CPVC
- ECTFE
- FEP
- HDPE
- LDPE
- Nylon
- PAEK
- PAI
- PBI
- PBT
- PCTFE
- PEEK
- PEI
- PEK
- PEKEKK
- PET-P
- PFA
- PI
- MG
- PolyCarbonate
- PolyPro
- PPO
- PPS
- PPSU
- PTFE
- PVC
- PVDF
- UHMW

Graphics

- ABS
- Acrylic
- ACM
- Fluted Polypro
- Foam Board
- Foam PVC
- HDU
- Multishield
- PETG
- Polycarbonate
- Printable HDPE
- SBS
- Styrene

Fabrication Capabilities

Lathes

Manual and automatic lathes can produce any round work that can be made from rod—washers, pulleys, valves, grommets, and a whole lot more.

Routers

For large parts and large quantities, nothing beats our multi-head CNC routers. We're equipped with over a dozen of these massive machines allowing us to handle any size project.

Mills

From simple to complex specifications and from small to large quantities, our vertical and horizontal mills get the job done with top notch precision.

Screw Machining

Screw machining is an excellent alternative to injection molding, especially considering the high cost of tooling.

Custom Fab

Each detail is meticulously handcrafted to match your vision. From oven forming to fritting, painting, edge finishing, flame polishing, etc. we offer a diverse range of solutions tailored to your needs.

Laser

Our state-of-the-art laser capabilities allow us to engrave and cut with unparalleled accuracy, ensuring your projects are executed to perfection.

Our Services

→ Cut to Size

For both cut-to-size and cut-for-fabrication jobs, these machines execute large and small cuts quickly and accurately.

→ Shipping and Receiving

Our Packaging Department is comprised of a dedicated team focused on meeting your packaging needs and ensuring timely delivery of your products.

→ Programming

Our design assistance team can also help you create the perfect solution for your application, even when you're not sure how it's going to come together

Our Mission

To be a trusted solutions-provider who enables our partners to attain their full potential.

Our Vision

We are committed to being a leading organization by continually improving our partnerships, services, quality, communities, family, and ourselves.
