

UHMW Outrigger Pads

Engineered by **COPE**
PLASTICS, INC.

Safety & Stability

for your toughest lifting jobs

MULTIPLE SIZES
1" - 2" THICK PADS
SQUARE & ROUND

Every Lift is a Critical Lift

Provide better load distribution for lifting equipment and help prevent catastrophic accidents.

Why Cope Plastics Outrigger Pads?

Our outrigger pads are fabricated from Ultra-High Molecular Weight Polyethylene (UHMW), one of the toughest engineered plastics on the market. Premium material coupled with years of plastics expertise brings you a product that is...

Lightweight. Save your team's backs with these outrigger pads, which weigh half as much as wood alternatives under dry conditions...even less in rainy or humid conditions.

Durable. Engineering thermoplastics like UHMW are impervious to rot, absorption, and degradation due to their moisture and chemical resistance. Wood can easily crack, break, or splinter and quickly deteriorates when exposed to moisture or aggressive ground chemicals such as motor oil.

Slip Resistant. Cope's outrigger pads are designed with a non-slip safety surface finish to hold outriggers in place.

Outrigger Pads

Engineered by **COPE**
PLASTICS, INC.

Designed for Every Application

These heavy duty outrigger pads are ideal for all types of heavy equipment:

- Cranes
- Concrete pumps
- Earthmoving equipment
- Rail service equipment
- Dump trucks
- Forestry equipment
- Utility trucks
- Asphalt & paving
- Material handling equipment
- Man-lifts/Aerials
- Line tensioners
- Drill rigs
- Fire trucks
- Service truck

Part #	Dimensions (inches)	Approx. Pad Weight (lbs)	Working Load Limit (lbs)	Max Load Capacity (lbs)
260633	1 x 18 x 18	12	45,000	100,000
258790	1 x 24 x 24	20	55,000	100,000
270016	1 x 30 x 30	32	75,000	100,000
270017	1 x 36 x 36	45	95,000	100,000
270018	1 x 48 x 48	80	100,000	100,000
270019	2 x 24 x 24	40	80,000	175,000
260636	2 x 36 x 36	90	110,000	175,000
270021	2 x 48 x 48	160	140,000	175,000
295558	1 x Ø36	35	85,000	100,000
295559	1 x Ø42	47	88,000	100,000
295642	1 x Ø48	62	93,000	100,000
291473	2 x Ø24	31	80,000	175,000
295094	2 x Ø36	70	100,000	175,000
295092	2 x Ø42	95	115,000	175,000
277455	2 x Ø48	124	130,000	175,000
